Una storia di famiglia

A family history

La nostra è la storia di una famiglia e di una passione, quella per il legno, che dura da quattro generazioni. È nata con nostro bisnonno negli anni '20, è cresciuta grazie alle cure di nostro nonno Giovanni e si è trasformata in un'impresa moderna con l'ingegno di nostro padre Ettore, che ce l'ha affidata. Una passione che ha richiesto, e richiede, caparbietà, competenza tecnica e dedizione, ma che ci ripaga ogni volta che vediamo un nostro portabito nella boutique di una prestigiosa casa di moda, nell'atelier di una delle grandi sartorie che portano l'eleganza italiana nel mondo o nella cabina armadio di una casa privata.

Proviamo orgoglio per la lunga storia che ci ha condotti fino a qui e che ci ha portati a sperimentare nuove essenze e nuovi materiali, come il plexiglass, e a carpirne i segreti. Possiamo contare su un know-how unico, su una creatività che apre sempre nuove strade e sull'amore per le cose ben fatte, una caratteristica di famiglia che non scende a patti sulla qualità dei materiali, delle lavorazioni e dei prodotti.

Giovanni e Federica Toscanini

Ours is the story of a family and of a passion, that for wood, which has been going on for four generations now. It began with our great-grandfather back in the 20s, it has grown under the care of our grandfather Giovanni, to become a modern organization thanks to the talent of our father Ettore, who has passed it on to us. Our passion has demanded, and still does, a great deal of perseverance, technical expertise and dedication, but it keeps rewarding us every time we see one of our hangers in the boutique of a premium fashion brand, in the studio of one of the great tailors who bring Italian elegance around the world or in the wardrobe of a private house. We are proud of the long journey that has brought us till here and that has seen us experimenting new wood types and materials such as plexiglass, to finally discover all their secrets. We rely on a unique know-how, on a creativity that keeps on opening new ways and on an unceasing love for things well-made, a family trait that does not compromise on the materials, process or product quality.

Giovanni and Federica Toscanini

Valori italiani Italian values

Crediamo nel valore del Made in Italy non come semplice etichetta, ma come dichiarazione di qualità, artigianalità ed eleganza intrinseca. Siamo legati alla nostra terra – la Valsesia – perché qui ci sono le competenze indispensabili a realizzare prodotti unici, capaci di soddisfare le richieste di clienti che si muovono in mercati dall'elevato quoziente estetico. L'Italia, per noi Toscanini, è la garanzia di poter fare le cose come riteniamo vadano fatte: con cura e attenzione per ogni più piccolo dettaglio.

La creatività qui trova terreno fertile e il sostegno di skill tecniche impensabili altrove. A Isolella Sesia, anche l'idea in apparenza più irrealizzabile ha interlocutori capaci che, studiando e provando, riescono a trovare la soluzione giusta per trasformarla in un prodotto esclusivo, un piccolo capolavoro di funzionalità ed estetica, pronto a sostenere ogni genere di capo nel modo più idoneo.

We believe that Made in Italy is a true value and not a mere label, it is a statement of quality, craftsmanship and elegance. We feel deeply rooted in our land – Valsesia – because here we find the essential expertise we need to create unique products able to meet the demand of our clients, who work in highly demanding markets also under the aesthetic point of view. Italy allows us to do things just in the way they should be done: with care and attention for every little detail.

Here creativity finds its ideal setting and the support of technical skills unimaginable elsewhere. In Isolella Sesia even the less practical idea can find someone who, by studying and trying, succeeds in finding the right solution to transform it into an exclusive product, a small masterpiece of functionality and aesthetics, ready to support any kind of garment in the most suitable way.

Una collezione evoluta

An ingenious collection

L'elemento unificante della nostra lunga storia è la costante ricerca della qualità. Da un lato, è una caratteristica della nostra famiglia voler fare sempre meglio, dall'altro i grandi brand della moda, con cui abbiamo la fortuna di lavorare in tutto il mondo, ci stimolano a immaginare, progettare e infine realizzare soluzioni con un livello crescente di complessità.

Combinare fattibilità e design, superare gli ostacoli facendo ricerca avanzata sui materiali e sulla tecnologia sono le attività su cui puntiamo per essere all'altezza delle aspettative della nostra clientela. L'esperienza che abbiamo maturato, e che ci viene riconosciuta, compone un know-how solido e unico, che oggi siamo orgogliosi di mettere a disposizione dei clienti privati, per soddisfare le esigenze di quanti amano il bello e la funzionalità, l'ordine e la possibilità di personalizzare gli spazi come, per esempio, la cabina armadio o un angolo della casa, secondo i propri desideri.

The unifying element in our long history is the constant search for quality. On the one hand, it is our family characteristic to strive to always do better and on the other, the big fashion brands we are privileged to work with all over the world stimulate us to imagine, design and finally create ever more complex solutions.

To combine feasibility and design and to surmount obstacles by carrying out advanced research into materials and technology are the activities we embark on in order to meet our clients' expectations.

The experience we have gained, and for which we are renown, constitutes solid, unique know-how which we are proud to put at the disposal of private customers in order to meet the requirements of all those who love what is beautiful and functional and who appreciate order and the possibility of personalising spaces according to their wishes, such as a walk-in wardrobe or a corner of their homes.

La collezione Interior nasce dall'idea di offrire, anche ai clienti privati, soluzioni per appendere e riporre i capi e gli accessori, preservandoli e, al tempo stesso, coordinando e personalizzando ogni prodotto per creare il guardaroba ideale. Un luogo di ordine e armonia, che rispecchia i gusti individuali e contribuisce a rendere ancora più unica ogni casa o luogo privato.

The idea behind the Interior collection is to offer private customers, as well as our trade clients, ways in which they can hang and store their clothes and accessories so they are well preserved while also coordinating and personalising each product in order to create the ideal wardrobe. A place of order and harmony which reflects our customers' individual tastes and helps to make homes and personal spaces even more unique.

Clothes hangers made to measure, boxes, portable garment covers and much else make up a collection of objects conceived and made entirely in Italy. Each product is made with quality materials selected one by one and is the result of the genius of some of the most capable luxury goods craftsmen in the world working together.
